Advantage Or Drying Weather

Full plowing and planting, stopped last week by heavy rains, is gradually getting underway. The weather is as sunny and pumping, and the water table is dropping. There has been no rain to amount to anything since the 15th. The weather is estimated that 15 per cent of the Everglades is in immediate action. The water table is still in the soil some more.

Plants are being planted, and this week and plowing is going steadily ahead in other spots.

Enrollment

Pahokee schools opened Monday with an enrollment larger than last year. Several new pupils are registering. The return to the city from their vacations. With the dropping of the water table, R. E. Bishop, supervising principal, expects the enrollment will increase materially within the next week. Actual work has gotten under way in the schools. The teachers are properly placed and teachers given

Expressing their faith in the Florida Everglades and backing their expression with immediate action, the Glenside Corporation of Miami is now clearing the tract of land between Belle Glade and Belle Glade for farming purposes. The tract lies on the south side of the Florida East Coast Canal, near the mouth of the farm on the north. The corporation plans to completely develop the tract, which is owned by Belle Glade in which there is a large tract of land. The tract is being expended in developing the two tracts of land.

er. The recent rains completely filled an estimated 75 per cent of the area's water storage basins. However, in some instances where it is possible to pump the water from the basins into the city's water towers it is thought that some basins will be saved and will be of considerable value.

The early bean crops received a "blackback" from the recent rains and are being replanted. The beans brought to a standstill last year by the late season rains and the daily summer rains are being replanted.

Pupils in the Pakohee plant are awarded considerably with the Income Tax, the State of Hawaii, Cane Point and South Bay departments in the high school department. This condition will be relieved in the next six weeks when the new rooms at the Pakohee plant are progressing rapidly on the new

Not for Lary Decision on A.C.L. Injunction Suit

By Russell Kay

AVON PARK, Sept. 27, (FNS)—The U.S. District Court in Avon Park has refused to grant a preliminary injunction against the Florida Agricultural Contractors Association (FACA) in its suit to prevent the Avon Park Board of Supervisors from purchasing a new 100-ton crawler crane.

Comptroller J. M. Lee and Assistant Comptroller J. W. Generali filed the suit in federal court in Avon Park last week for an early decision in circuit court at Tallahassee on the temporary injunction sought by the Atlantic Coast Line Railroad, training the comptroller from buying the property for the railroad.

The suit seeks a temporary injunction of certain contract taxes.

The football squad is working out each afternoon after school from 4 to 6 p.m. under the supervision of Assistant Coach Frank Hobson and making preparations for the opening game.

Twenty cottages have been built to house the boys and 20 more will be built, as will four 8-room barracks. These cottages for the colored boys, though small, are new and clean and will make for sanitary living conditions. An

With all the building that is going on in the Everglades it is only more proof that the people who are investing their money have faith in the future of this section.

The rain has ceased for the time-being in the Everglades. What a welcome announcement to the many farmers who have been and are still planting beans in an early crop. As we have said before—maybe the rains are a blessing in disguise.

Just a few days remain before the World Series will be in progress, then we shall see what "Reebotch" Rowe does under real fire. We can't help but wish that the Yankee youth who has proven such a sensation with the Detroit Tigers this season.

The Plant City Courier celebrated its 50th anniversary last week with a special edition of 28 pages. The edition was crammed with interesting reading matter and presented a picture of the city that dated back to the founding of that newspaper a half century ago. I. M. McAlpin is to be congratulated upon taking advantage of the day by sending their sales messages before the buying public.

AS OTHER EDITORS SEE IT

Times-Union: A radio tuner has been invented that will tune on and tune off programs pre-selected for a period of twelve hours. But what is needed is a robot that can distinguish jazz from music and keep it off the air.

Plant City Courier: The recent arrest in the Lindbergh kidnapping case is welcome to the layman. And it is the general hope that the famous case may be solved and those guilty brought to justice and proper punishment. Kidnaping can be definitely curbed if officials can bring those guilty of such offenses to trial and conviction.

Miami News: If a ship could ever be dug across Florida, there is good reason to believe it will open the line of the St. Lucie—Caloosahatchee cross-state waterway now being improved. The North Florida route is generally conceded to be the best, but that is not the only advantage of the line farther south across the peninsula. Shipping men who remain loyal to the water project that so excited Jacksonville see a decided advantage in crossing the large inland water, Lake Okechobee. It is fresh water, and provides an excellent opportunity to clean their ships of salt water bacteria. That is a costly item rarely appreciated by land-lubbers.

Winfield (Ala.) Journal: "Once again the proposition is made that Alabama print its own school books, and have the work done by convicts, and it is reported that some newly-elected members of the legislature are in favor of it. To one who knows anything about the intricacies of printing, such a proposition would be considered a big joke. If the state wanted its school books written by convicts there may be enough professors in the penitentiary to write them. If it wanted the laws written by convicts there are probably enough lawyers in the "pen" to do the job. And if it wanted to adopt a state religion and have every citizen writing the confession of faith they might find enough preachers among the convicts to draw up the necessary papers. But when it comes to printing school books, why there are not enough good printers in all the penitentiaries of the United States to print a first Reader."

Moore Haven Democrat: It is encouraging to note that there are a few still remaining in Moore Haven with courage enough to invest in crops here. And the few who are planting are looking strong and healthy. We see signs in the lake section so far from everywhere cotton predictions of a good market for vegetables this winter. It isn't too late to make a try. Plan to plant as much ground as possible for vegetables this winter. The muck land around Moore Haven is as good as any of the muck around the lake and is far better drained than the majority of the land on the south and east shores.

"Oh, they didn't find it out for more than a year."

BELLE GLADE Community Methodist Church

Rev. J. G. Jamison, Pastor

Sunday School—10 a. m. M. E. Kiddie, superintendent.

Morning Worship—11 a. m. by Rev. J. G. Jamison.

Epworth League—7 p. m. At the pasture.

Junior League—Saturday 3 p. m. Mrs. J. O. Jamison, Supt.

Church Practice—Friday 8 p. m. Mrs. J. P. Morrow, director.

Since moving into the new church building the Sunday school and church services have been growing both in interest and attendance.

The Rev. Jesse L. Murrell, district superintendent, stopped over with us for the Sunday evening service and delivered two interesting addresses: one to the Epworth League at the seven o'clock hour and one to the church assembly for worship at eight o'clock.

The ladies of Ladies Aid society met for work on Tuesday and to show their appreciation for the use of the Community Club house for church purposes for the past six months, gave the day to the cleaning and polishing of the Yubi canoe. A covered dish luncheon was enjoyed at the premises; no men were allowed on the job. This certainly is a fine spirit of community service.

Construction work on the building is practically at a standstill owing to the lack of funds. There are still a number of subscriptions outstanding; enough almost to complete the work, but the building committee have decided to wait until these subscriptions are paid or until other money is raised, for it is their intention to pay as they go. Every dollar paid in on these outstanding subscriptions will bring the building that much nearer to completion.

Dr. Thos. E. Will, Rev. J. O. Jamison, Miss Elizabeth Jamison, Miss Ruth Jamison, Mr. Russell

AROUND THE LAKE

Construction work is going forward rapidly on the third of the new buildings being constructed by Joseph Spadaro on the property adjoining the city light plant in Moore Haven.

The Phillips Department Store, of Clewiston, opened a branch store in Moore Haven Saturday in the store building adjoining the restaurant in the Garret Building. Miss Dorothy Williams of Belle Glade is the manager.

Okechobee county is the only county in Florida where occasionally a ripe guava may be found during every month in the year. There is also more wild guava bearing in Okechobee county than in any other half dozen counties combined in Florida.

The town of Okechobee is the only town in Florida in which there was played a high school football game and the total paid attendance exceeded the total population of the town. The game was played in Okechobee November 11, 1932.

Douglas Treadwell, of Arcadia, Fla., is now in Okechobee consulting county officials relative to the proposed reduction of county taxes from 194 to 81 mills. The county officials have almost completed arrangements with the bondholders for a tax reduction of 112 mills and now it is proposed to attempt to get a court order reducing the tax to 81 mills.

The dredge Welatka, is to have a new steel deck this week, to construct its structure was awarded to the Jacksonville Utility Company by the Jacksonville, Fla., at a price of \$11,965. The Jacksonville office of U. S. Engineers received the bid for the construction of the Welatka. It will be built in Jacksonville and towed to the Welatka in Lake Okechobee.

S. T. Kelly died at his home in Kerney, Missouri, Wednesday night after an illness of three weeks. Mr. Kelly was the father of E. E. Kelly and grandfather of Mrs. T. B. Shelley of Clewiston. He was 73 years of age.

Hales Mr. Billy Weeks and Mr. Earl Hobbs attended the church and Young People's Rally at Jacksonville Tuesday afternoon and evening. The purpose of the rally is to have a closer cooperation between the churches, and a more intensive program of work.

MISS STUCKEY PLEDGED ALPHA CHI OMEGA

Miss Elizabeth Stuckey, daughter of Mr. and Mrs. J. L. Stuckey of Pahokee, who is a student in the University of Alabama, last week was pledged in the Alpha Chi Omega Fraternity.

Miss Stuckey's many friends will be glad to know that she has been pledged in one of the nation's highest rating societies.

SOUTH BAY SCHOOLS OPENED ON MONDAY

Principal E. E. Sheldon Plans for Successful Year

The South Bay elementary and Junior high schools opened at 8:30 Monday morning under the supervision of Principal E. E. Sheldon. The exercises were held with the assembly singing "America," led by Mrs. W. H. Rawie at the piano. Rev. Taylor, pastor of the Baptist church of Belle Glade, led the devotional and made a very interesting talk on the subject of "Making Faces," bringing out the thought that each pupil started with a sweet innocent face by his acts built a face which was the mirror of his character and personality.

Mr. Sheldon then introduced the teachers and made the assignment of rooms of the new school. Mrs. C. J. Brown, daughter of Mr. and Mrs. C. J. Brown, has charge of the first grade. Her enrollment was 34 for the first day. This is the third year in the South Bay schools. Miss Annie Kerfoot of Princeton had an enrollment of 27 for the first day. This is the third year in the South Bay schools. She spent her summer at Asheville, N. C., where she attended the summer session of the college.

Mr. W. H. Willis is the third grade teacher with an enrollment of 30. Mrs. Willis has substituted in the South Bay schools at various times and is a regular member of the faculty for the first time this year. She will also have charge of the Spanish class.

Mrs. Margaret Clemens has the fourth and fifth grades with an enrollment of 23 in the fourth and 14 in the fifth grade. This is the fifth year Mrs. Clemens has been a member of the teaching force of South Bay. She attended the summer session in Gainesville and spent the rest of the summer with her family in West Palm Beach.

Miss Sue Maxwell of Pahokee will have the sixth and seventh grades, 23 in the sixth and 21 in the seventh. Miss Maxwell, with five other young ladies spent a month in New Orleans and for the last two months has been engaged in survey work for the FERA. This is her second year as a member of the faculty of South Bay.

Mr. E. E. Sheldon has the eighth and ninth grades with an enrollment of 17 in the eighth and 15 in the ninth grade. This is Mr. Sheldon's first year as a regular instructor here although he has substituted for some time last spring during the illness of Mr. Sheldon. Mr. and Mrs. Sheldon spent the summer at Liberty, S. C., with Mr. Sheldon's father, Dr. W. A. Sheldon, and with Mrs. Sheldon's parents, Mr. and Mrs. Hendley of Miami.

The total enrollment is 202 for the first day, 149 in the elementary grades and 53 in the Junior High. This is a gain over the first day's enrollment last year of 28 with one less grade, the 10th grade having been moved to the Senior high school at Pahokee.

Football season is coming. So seniors should get all their investigating committees going strong now while they can still get front page publicity. "Over the hill to the porchhouse" will be out of date, now that the C. C. boys are digging away the hill so we can get there more quickly.

Secretary Icker's brother is asking Chicago for back salary on a job he quit a few years ago. His new father getting paid for not raising hogs would start some noise than Huey Long.

Ear muffs ought to become popular in Washington now that Senator Theodore Bilbo of Mississippi promises to make more noise than Huey Long.

One 4-foot floor tobacco show case \$15.
One National cash register \$45.
One 4-gallon coffee can, with oil stove \$25.
One Ford station wagon \$100.
BAILEY'S GROCERY, PAHOKEE

Dr. and Mrs. L. W. Armstrong and children, Josephine and Alvin, spent Friday in West Palm Beach. Dr. Armstrong is a teacher in the Pahokee Elementary School, and spent the week-end here with Mrs. Cohen Blakely.

Laddie Wallace left Monday for Winter Park where he will attend Rollins College this winter.

Mr. and Mrs. Elvia A. Bass and children, Beverly and David, of West Palm Beach spent Sunday here with Mr. and Mrs. T. A. Bass. They were accompanied home by Mr. Bass' sister, Mrs. Thelma Cox.

Carlo Humphries left Friday for Gainesville to enter the University of Florida.

Mr. and Mrs. C. A. Bailey and children, Joy Lou and Billy drove to West Palm Beach Sunday where they were among the several thousand who visited the De Soto Den.

Mrs. J. M. Elliott and Mrs. J. V. Thomas drove to West Palm Beach Sunday afternoon, where they shopped and visited.

Mr. C. A. Bailey was called to St. Cloud Tuesday on account of the serious illness of her grandfather.

Mr. and Mrs. G. W. Wallace drove to Stuart Sunday. The many friends of Mr. and Mrs. Wallace regretted that they are moving away from Pahokee.

Mrs. O. F. Griffin and daughter returned from their home in Hendersonville, N. C., after three weeks in "Thomasville, Georgia, and relatives."

Mr. F. P. Jones, Walter and Henry and daughter, Kathryn, returned to their home here Monday after visiting with Mrs. Fears' parents, Mr. and Mrs. H. W. Walker in Wakulla Beach. While away from Pahokee Mrs. Fears and children visited her mother, Mrs. O. J. Council in Quincy, Fla.

Mr. E. E. Rice, presiding elder, of the First Baptist Church, visited in Pahokee Sunday, where he conducted the fourth quarterly conference at the Pahokee Methodist church.

Lewis Crosby and Hub Spooner left this week for Lakeland, where they planned to enter Southern College for their freshman year. Mr. and Mrs. T. O. Smith and children, of Haines City, have moved to Pahokee to make their home, and are residing at the S. E. Gammage residence on the Bacon Point road.

Miss Myrtle Armstrong, teacher in the elementary school here, returned to her home in Pahokee Sunday afternoon after having spent the summer in Gainesville, where she attended the school at the University of Florida, and in the Rhea Springs, Tenn.

Dr. and Mrs. D. S. Spooner of Immokalee are spending several days in Pahokee.

Miss Dorothy June York, Miss Grace Hawkins, the Misses Carolyn Mack and Mildred Jacobs moved to West Palm Beach Tuesday, where they spent the day shopping.

Mrs. C. C. Clawson, who was also the guest of Mrs. Meredith and Mrs. Smith, last week, has returned to her home in Lake Worth.

ENTERTAIN AT BRIDGE
Miss Mrs. W. H. Blackmon entertained several members of the Business and Professional Women's Club and friends Monday night at a bridge party held at her home in Pahokee.

Mrs. J. V. Fourny made high score in contract bridge with J. N. Blount made high score among the men. In auction W. H. Blackmon made high score and Mrs. Myrtle Armstrong made low.

Following the evening of play refreshments were served by the following players: Mr. and Mrs. J. P. Elliott, Mrs. J. V. Fourny, Mrs. C. A. Bailey, Brady Sum, J. N. Blount, V. F. McClain, Joe Myrtle Armstrong and Miss Claire Hayes.

W. M. U. ELECTIONS OFFICERS
Election of officers featured the regular joint business meeting of the three circles of the Baptist Women's Missionary Union, held Monday afternoon at the Baptist church. Miss Elizabeth Caraway was elected president; Mrs. J. P. P. Key, vice-president; and Mrs. W. H. Key, secretary.

Mrs. Margaret Thompson, Mrs. Howard Jensen, and Mrs. Arch Hodges were members of the nominating committee.

Preceding the election, Mrs. C. B. Jones conducted devotional services.

Theft-Proof Tag To Be Used Next Year

TALLAHASSEE, Sept. 27.—(PWS)—Records of the Florida Motor Vehicle department show that up to September 1, there were 41,000 more motor license tags sold than for the entire 12 months of 1933. The total sold to September 1 being 335,565 and for the entire year of 1933 the total was 295,833 tags sold.

Acting tag Commissioner Wilder attributes this increase to the new type of theft-proof tag, which prevents removing the tags without using them on different cars.

Mr. Wilder anticipates an even greater demand for tags in 1935 and has placed an order for the manufacture of 425,000 which will be made at the state prison farm in Raiford.

The value of the theft-proof tag is pointed out by the number of thefts which have been committed since the new tags were issued in 1933. There were 1,251 cars reported lost or stolen, while this year only 460 lost or stolen tags have called for duplicate tags.

The 1933 tag will be slightly painted with black letters on a background of yellow. The same lighting device used this year will be attached.

Services it was announced that a meeting of the board of directors of the new week, with the Dorcas church in charge of Monday's meeting, the Mary, Margaret, Tuesday, and the Young Matrons' circle will have charge of the prayer services Wednesday at 7:30 o'clock. The afternoon meeting will be held at 5:30 o'clock at the church.

Those present included Mrs. C. B. Jones, Mrs. H. W. Walker, Arch Hodges, Mrs. G. A. Yarbrough, Mrs. G. W. Grimes, Mrs. Margaret Thompson, Mrs. H. W. Walker, Mrs. J. T. Keen, Mrs. J. P. Herndon, Mrs. D. W. Belyue, Mrs. W. H. Key, Mrs. D. W. Belyue, Mrs. J. C. Keen and Mrs. Retta Cone.

MRS. BLAKELY HOSTESS
Members of the Women's Missionary Society of the Methodist church were the guests Monday afternoon of Mrs. William Blakely at her home on Avenue A. A short business meeting was conducted by Mrs. J. M. Boyd, president of the Young Matrons' circle, during which time plans for a mission study course to be held in October were discussed. Mrs. Blakely gave a talk, ice cream and cookies were served by the hostess.

Those attending were Mrs. H. C. Graham, Mrs. C. E. Englund, Mrs. L. O. Brown, Mrs. L. L. Shirley, Mrs. James M. Boyd, Mrs. H. S. Lovett, Mrs. J. A. Tolle, Mrs. Frank Rozelle, Mrs. R. L. Schroeder, Mrs. W. R. Hutton, Mrs. R. H. Hutton, Mrs. G. B. Gallatin, a visitor.

VISITORS ARE HONORED
In compliment to their sisters, Mrs. Earl Hamilton of Westport, Indiana, and Mrs. Carl Clawson, of Lake Worth, who were their hosts last week, Mrs. Earl Meredith and Mrs. William Smith entertained at an enjoyable party recently at the home of the latter on the Bacon Point road.

Guests and students were enjoyed during the afternoon and in a contest Mrs. Clawson won high prize. While Mrs. W. R. Hutton received low prize. Refreshments of iced tea and cookies were served.

Among those invited were Mrs. Earl Hamilton, Mrs. C. C. Clawson, Mrs. J. A. Tolle, Mrs. H. C. Graham, Mrs. L. W. Armstrong, Mrs. A. R. Rice, Mrs. H. S. Lovett, Mrs. E. E. Bishop, Mrs. K. E. Lutz, of Belle Glade, Mrs. Duncan Padgett, Mrs. E. G. Kilpatrick, Mrs. John Dulaney, Miss Myrtle Armstrong, Mrs. Elsie Barfield, Mrs. Laura Gatta, Mrs. R. Hutton and Mrs. Smith and Mrs. Meredith.

GLENBEE CORP. DEVELOPS LARGE ACREAGE LAND

Continued From Page One

efficient drainage plan has been worked out on the plot where the cottages are located to make sanitary conditions the very best.

Looking forward to efficient drainage of the 740 acre tract, Bishop has worked out a thorough plan and its execution is under way at this time. A dike has been built around the entire 740 acres with toppling ditches every 600 feet.

These toppling ditches are 20 inches wide and five feet deep. It appears from the present layout of the canal and toppling ditches that drainage can be properly handled and perfectly taken care of even under the most critical weather conditions.

The toppling ditches lead to the main canal and the main canal to the pumping station which is being built near the Belle Glade and Pahokee highway at Runyon.

The erection of a spillway has been completed and the pump house is under construction. Four large concrete pumps are being installed under the direction of the manufacturer, Roy Couch of Grant, Florida.

There will be three pumps of the 28-inch variety and one 18-inch one. The three larger pumps will be operated by three 40-h.p. Waukegan Diesel engines. The fourth pump will be operated by a 20-h.p. two-speed electric motor. The electrically-driven pump will be operated automatically with a set of switches to start and stop it when the water is at a specified depth.

The capacity of the four pumps is 65,000 gallons of water per minute on a low head and 50,000 gallons per minute with a five foot head. The pumps are installed in a steel structure and as many as necessary may be operated at any one time, since each pump is a separate unit within itself. The pumps are the very latest in drainage equipment and are reversible—they may be used for drainage or irrigation.

It is estimated that the entire 740 acre tract can be drained of five inches of water in a period of 24 hours. At the present there is no other acreage so efficiently drained in this immediate section of the Everglades.

BULK GASK STATION
J. K. Baker is establishing a bulk station for handling gas, kerosene and other fuel products adjacent to the F. E. C. railway track in Lake Harbor. A 20,000 gallon tank for distillate, a 10,000 gallon tank for kerosene, a 10,000 gallon tank for gasoline are being installed. Besides the bulk station there will be a service station in the rear facing the highway which will be equipped with two 3,000 gallon electric pumps for service, a complete line of petroleum products and a \$3,000 stock of General tires. C. W. Ogilvie and two assistants will be in charge of the plant.

Will Rogers Booked
In "Judge Priest"
Sunday & Monday

Will Rogers' latest and funniest picture has been booked for the Everglades Theatre in Belle Glade for a two day run, beginning Sunday, Will is to be seen as "Judge Priest." Time magazine of Sept. 24 reviewed the picture and has the following to say about it:

Judge Priest (Fox). Best shot in this picture: a tipped old juror, in the final courtroom scene, after expectorating an ample supply of tobacco juice loudly and accurately into a spittoon, describing how he contrived to hook the stream around a table leg to reach its mark. The not is one of the minor characters who, together with shambling, articulate Stepin Fetchit, supply most of the comedy relief.

As a southern circuit judge who loves mildly to Bourbon whisky, Will Rogers, too old to be the main love interest, assumes again, as he did in Handy Andy, the role of matchmaker for younger members of the cast. Presented with dialog patterned after Irvin S. Cobb's Judge Priest stories, and permitted but a minimum of head-dressing, Funnyman Rogers is a less hackneyed philosopher than he

was in earlier films. Time is the slow Kentucky 90s. Plot is concerned with a judge who is fond of his nephew who is fond of the pretty but poor white trash next door. Not until the courtroom scene discloses that a reticent, no-account young character named Gillis, once convicted of murder, is not only the young girl's father but also a great confederate hero of the Civil War, do things come out the way they should. Mounted against crinolines and candy-puffing, negro melodies and again Civil War Veterans, Judge Priest will bring many a tear and chortle to those who find this sort of 19th Century southern cooking more palatable than the fancy, suggestive pastry of Miss West in New Orleans.

CARD OF THANKS
We desire to express our thanks to those who were so considerate during the death and funeral of our beloved wife and mother. We sincerely appreciate the efforts of Dr. Creel during the last hours of illness.

J. H. CARSON,
JUNIOR CARSON.

RENDER MUSICAL
Members of the South Bay Stringed Instrument Class under the direction of Jack Bradham of West Palm Beach met with the members of other Glades and East Coast classes at a musical in Belle Glade on Wednesday evening and spent a very enjoyable evening. Approximately 60 members of Mr. Bradham's classes were present to take part in the various numbers.

Among those attending from South Bay were Mr. and Mrs. Julius Herring, Mrs. J. L. Mathis and son, Bobbie, Berline Walker, Mr. and Mrs. Kenneth Lockmiller, Reester Herron, Delmar Hawkins and John Gardner. The South Bay class consists of Mrs. Beeder Herron, Lucille Herring, Harold Clark, John Billy, Charlie and Maurine Mathis, Harold Hawkins and Mrs. M. S. Wright.

QUEEN ESTHER CIRCLE
The Queen Esther Circle met at the home of Mrs. W. H. Rawle on Friday afternoon to make plans for the coming year. Social good time and a candy pull was enjoyed after which cookies and punch were served to Sara Adams, Betty Rawle, Essie Mae Willis, June Goodwood and Louise Rawle. Mrs. H. C. Willis will assist Mrs. Rawle in this year in supervising this club.

Joe L. Murrell of Miami, district superintendent, was present at the Community Church on Sunday afternoon and delivered a very timely address on the proposed amendment to the Florida constitution to permit the sale of liquor in Florida, and urged the community to organize to prevent this amendment from carrying by instructing voters as to just what

Combination BRUSH Offer

Only 5c

For Housewives
Who Want Brighter Homes

Dear Madam:
Here is a Brush, which in combination with our helpful Booklet "How to Paint" is yours for only 5c. It is a Brush of the latest type for painting or varnishing, 1 1/4 inches wide, 8 1/2 inches long with full black Chinese bristles set in rubber.

COLORFUL PICTURES
This Booklet, with pictures in colors, tells you how to paint, varnish, lacquer and enamel; how to stencil and stipple; how to paint a chair, kitchen, or bathroom. It has color suggestions for room and furniture. It tells you, in easy steps, how you can quickly get real results with our paint products.

TO HELP YOU
Our reason in making this offer—we want the names of housewives who, from time to time, wish to brighten up their homes. We have other helpful literature to send them—new facts about the latest creations in paints and varnishes.

FROM A LEADER
This Company, The Glidden Company, has for generations been a leader in this line. The first Varnish Stain, Jap-A-Lac, was its development. The latest in enamels, varnishes, etc. has been perfected in its laboratories, and the greatest enamel of all, "Ripolin", perfected in Holland, is sold exclusively in this country by it.

YOU'LL LIKE THIS OFFER
We present to you this Brush and the colorful Booklet "How to Paint" for only 5c
